Controls and compliance checklist - Jessica Beale

To complete the controls assessment checklist, refer to the information provided in the scope, goals, and risk assessment report. For more details about each control, including the type and purpose, refer to the control categories document.

Then, select "yes" or "no" to answer the question: *Does Botium Toys currently have this control in place?*

Controls assessment checklist

Yes	No	Control
☐	☑	Least Privilege
☐	☑	Disaster recovery plans
☐	☑	Password policies
☐	☑	Separation of duties
☑	☐	Firewall
☐	☑	Intrusion detection system (IDS)
☐	☑	Backups
☑	☐	Antivirus software
☐	☑	Manual monitoring, maintenance, and intervention for legacy systems
☐	☑	Encryption
☐	☑	Password management system
☑	☐	Locks (offices, storefront, warehouse)

☑	☐	Closed-circuit television (CCTV) surveillance
☑	☐	Fire detection/prevention (fire alarm, sprinkler system, etc.)

To complete the compliance checklist, refer to the information provided in the scope, goals, and risk assessment report. For more details about each compliance regulation, review the controls, frameworks, and compliance reading.

Then, select "yes" or "no" to answer the question: *Does Botium Toys currently adhere to this compliance best practice?*

Compliance checklist

Payment Card Industry Data Security Standard (PCI DSS)

Yes	No	Best practice
☐	☑	Only authorized users have access to customers' credit card information.
☐	☑	Credit card information is stored, accepted, processed, and transmitted internally, in a secure environment.
☐	☑	Implement data encryption procedures to better secure credit card transaction touchpoints and data.
☐	☑	Adopt secure password management policies.

General Data Protection Regulation (GDPR)

Yes	No	Best practice
☐	☑	*E.U. customers' data is kept private/secured.*
☑	☐	There is a plan in place to notify E.U. customers within 72 hours if their data is compromised/there is a breach.

☐	☑	*Ensure data is properly classified and inventoried.*
☑	☐	Enforce privacy policies, procedures, and processes to properly document and maintain data.

System and Organizations Controls (SOC type 1, SOC type 2)

Yes	No	Best practice
☐	☑	User access policies are established.
☐	☑	Sensitive data (PII/SPII) is confidential/private.
☑	☐	Data integrity ensures the data is consistent, complete, accurate, and has been validated.
☐	☑	Data is available to individuals authorized to access it.

This section is *optional* and can be used to provide a summary of recommendations to the IT manager regarding which controls and/or compliance best practices Botium Toys needs to implement, based on the risk posed if not implemented in a timely manner.

Recommendations (optional): In this section, provide recommendations, related to controls and/or compliance needs, that your IT manager could communicate to stakeholders to reduce risks to assets and improve Botium Toys' security posture.

Recommendations:

- Implement the principle of least privilege to reduce the risk and impact of malicious insider or compromised accounts

- Strengthen password policies to require a minimum of eight characters, including a combination of letters, numbers, and special characters. I see that it's written that there is a password policy but it is not clear as to what exactly it is, therefore I have said there is no correct and secure password policies in place.

- Introduce an IDS system to detect and prevent anomalous traffic that matches a signature or rule.

- Implement a centralized password management system to enforce these requirements and facilitate secure password recovery/reset procedures.

- Ensure that E.U. customers data is kept private and secured, complying with GDPR requirements.

- Establish a regular maintenance schedule for legacy systems to ensure they are updated and secure and create clear intervention methods for addressing issues with legacy systems promptly.

- Conduct regular security audits to ensure these measures remain effective.
